

WE ALL  
WANT OUR  
CHILDREN  
TO SUCCEED

IT'S HOW  
WE DEFINE  
THAT SUCCESS  
THAT MAKES US  
DIFFERENT

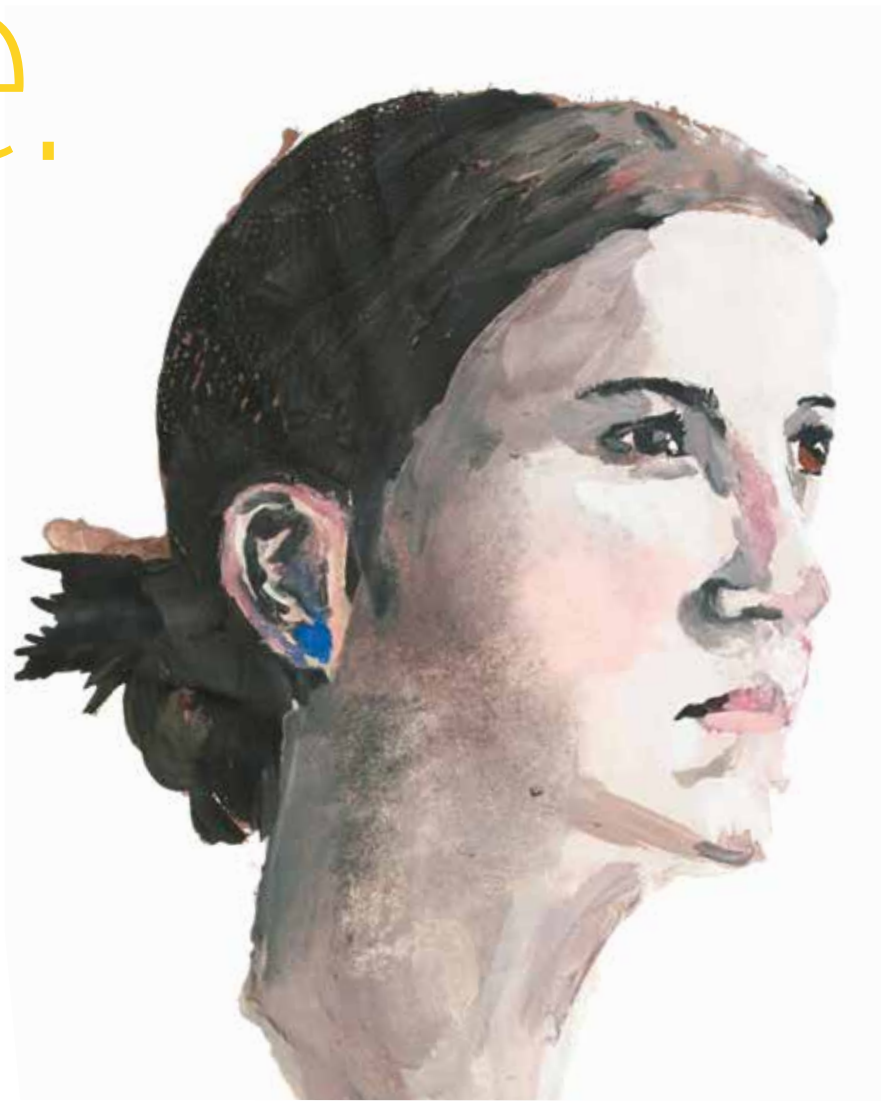

# We see your child's potential. Then we set it free.

At Portland Place, our creative approach to academic study helps your child find their own path to learning. It's the same goal, but with a different journey.

We nurture a spirit of discovery with an individual learning programme that will inspire your child and stretch their horizons.

The result? Our students achieve personally, socially and academically. They gain the confidence to be themselves and express themselves fully. They are successful – on their own terms.

“A haven of creativity.”

That’s how the Good Schools Guide describes us. But for us, creativity isn’t just about using RADA’s studios for rehearsals or giving free music tuition and instrument loans to every Year 7 student.

We’re also creative in the way we teach physics, biology and chemistry, how we adapt history lessons to students’ individual needs or hold one-minute maths challenges to get everyone involved.

Our teachers are free to be adventurous and ambitious in their teaching, which sparks a life-long love of learning in our students.

Happiness gets results.

We believe that the happier your child is, the more likely it is that they’ll be receptive to new ideas and in the right state of mind to learn.

At Portland Place, your child won’t be tested left, right and centre, but will have the time and space to discover how they like to learn.

The atmosphere here is relaxed so our students are more relaxed, too. Come and see the school for yourself and you’ll see what we mean.

A real-life education.

When your child leaves school, they’ll need to be adaptable, ready for change and able to get on with people of all kinds, from all places, with all sorts of different abilities.

In this respect, Portland Place offers your child a great start in life. We accept children with all kinds of skills, abilities and talents, and are exceptionally successful in helping them to get where they want to go.

We encourage every child to draw on the energy and diversity of our student body and to make the most of this great city. It’s the ideal education for wherever they decide to go next, whatever they decide to do.

# SPIRITED LEARNING IN THE HEART OF LONDON

Portland  
Place  
School

Leonardo Year 11

When you leave school, you need to get on with all kinds of people, with all sorts of abilities, from all types of places. Come to Portland Place and you'll meet a great mix of people who will inspire you in all the adventures to come.

With our creative approach to academic study, you can find your own path. We'll help you get where you want to go and learn in the way that suits you best.

Your individual learning programme will nurture your spirit of discovery, motivating you to explore new things and expand your horizons.

The result? You'll achieve personally, socially and academically. You'll gain the confidence to be yourself and express yourself fully. You'll be successful, but on your own terms.

We encourage you to draw on the energy and diversity of your fellow students and to make the most of this great city. It's the ideal education for wherever you decide to go next, whatever you decide to do.
