Neurodiversity Week

20—24 March 2023

Celebrating Our Unique Strengths and Differences

**We
are
all
different.**

People are different

Brains are different too

What is Neurodiversity?

- Everyone has a differently-wired brain and their own unique way of thinking, interacting and experiencing the world.
- Neurodiversity is an umbrella term for the concept that neurological variances should be recognised and respected just like any other human variation, such as gender, race or sexual orientation.

Neurodiversity is about recognising that everyone's brain works differently.

No Human Brain Is Exactly Alike

- There is no 'standard' human brain against which all other human brains can be compared.
- On the contrary, the human brain is so complex that no brain is exactly alike.
- The wide range of natural neurological variations of the brain affect the way that people think, learn and process information.

Year 7 celebrate Neurodiversity

NEURODIVERSITY

NEURODIVERSITY

WE ALL
DIFFERENT

Recognising and Celebrating Strengths and Talents

- **Neurodiversity Celebration Week** serves as a reminder that no matter what our differences and challenges, everyone also has their own strengths and talents.
- Many people who have ADHD, autism, dyslexia, dyspraxia or Tourette's Syndrome and struggled in school, are now very successful.
- Many attribute their success to their unique way of thinking and perceiving the world around them.

Place
School

News

What is Neurodiversity Celebration Week About?

- Neurodiversity Celebration Week is about celebrating the strengths and talents of people with learning differences.
- Neurodiversity Celebration Week is one way of reminding everyone of the importance of being kind, tolerant and accepting of everyone.

Why Does Neurodiversity Matter?

- The concept of neurodiversity is the acceptance that all humans are different, with unique minds, needs and abilities.
- This approach moves beyond labels such as autism, dyslexia or ADHD and recognises that difference in ability are natural in the human genome and can contain unique gifts and contributions.
- The human brain has a wide spectrum of functions and any differences should be acknowledged as just another way of being or doing things.

Science Neurodiversity Session

During British Science Week the theme was *Connections*. The Science department connected with the SEN department to have a Science /Neurodiversity session where students were solving brain teasers, puzzles and games to get them thinking outside the box!

Brain Teasers 1

①

Move 1 match to make this sum correct

②

Snug
Dam
Pans
Keep

Live
Grid
Trap
Rats

Which word is the odd one out?

③

8 7 3 5 ?

What is the missing number?

④

How many holes does this t-shirt have?

⑤

If John's son
is my son's father,
who am I?

Who am I?

⑥

What is wrong with this room?

Solutions

- 1- There are 2 solutions to this puzzle. Firstly, you can move the middle horizontal matchstick in the 6 to make it a zero (0+4=4). The second answer is to take the horizontal match off the addition sign and use it to make the 6 into an 8 (8-4=4).
- 2- The odd word is Grid. All the other words make legitimate words when spelt backwards. Dirg is not a word.
- 3 - The missing number is 5. Each number is the number of pieces the number before it has. The digital 8 has 7 pieces, the 7 has 3 pieces, and so on.
- 4 - The shirt has 10 holes. There are the 6 bullet holes, the 2 sleeve holes, and the neck and waist holes.
- 5 - I am John. Your son's father is you.
- 6 - The door has no knob or handle to open it.

Brain Teasers 2

①

O, T, T, F, F, S, S..

What is the next letter?

②

There are 3 matches, can you make 4 without breaking one?

③

If it takes 12 \$1 stamps to make a dozen, how many \$1.50 dollar stamps does it take to make a dozen?

④

What number car park is the car on?

⑤

A- 168 D - 564
B- 492 E - 690
C- 744 F - 834
D-338 G -258

Which number is the odd one out?

⑥

What is wrong with this picture?

Solutions

- 1 - The next letter should be E. The letters represent the first letter of the numbers one, two, three, four, five, six, and seven.
- 2 - The solution is to simply arrange the matchsticks into the numeral 4 which is 3 strokes or lines.
- 3 - The answer is 12. It is a trick question, a dozen of anything is always 12.
- 4 - The car is in park number 87. The picture is upside down. Turn it over the other way to see it clearly.
- 5 - The odd one out is D. All the other 3 digit numbers add up to 15. In D the numbers add up to 14 (3+3+8=14).
- 6 - The cord/lead for the electric hairdryer is missing. The start of the lead can be seen behind the hairdresser but then it stops.

THE WALL OF KINDNESS

To Arad in Year 9 who was very kind when Zane in Year 7 hurt his head.

The Creative Arts faculty thank Sumayyah, Josh, Edwin, Kyra and Anastasia for being so helpful backstage at Grease. Best crew ever!

Sonny B would like to thank Alex P for being a compassionate friend. (Hybrid Y10).

Ahlam would like to thank Ms Thorne for being understanding this week (Hybrid Y8)

Arjun in Year 11 who is always very kind and welcoming to our guests. He is a great role model!

Library News: Book Review Competition

The school library held a book review competition for students, which was part of the activities following **World Book Day** event.

We had a lot of entries from Year groups 6, 7, 8 and 9 and were pleased to see very interesting reviews. We thank the students who participated and announced the winner today, 22nd March, at Year 9 assembly.

The winner is **Yura** from Y9 who reviewed "The Mystery of Henri Pick" by David Foenkinos" and won an Amazon voucher.

Well done Yura!

Cooking Club

Week 1 we focused on health and safety in the kitchen and how to ensure we maintain high levels of food hygiene. We looked at equipment we would be using for the products we were going to make as well as looking into the ingredients and steps to take in order to bake lovely tasty produce. Week 2, we baked rock cookies, working on our skills of measuring, following instructions and mixing in the correct order.

The cookies were extremely tasty especially when warm. Big thank you to Miss Pattern for organising us and the resources for the club.

Additional Maths Enrichment

This week we looked at drawing Quadratic, Cubic, Trigonometric and Exponential graphs.

Students were able substitute the values of x into the given functions to find the corresponding y values and then complete the graphs using a suitable scale.

Mr Tomlinson

Though the mercury had finally crept into the double figures after several weeks of very cold weather, a relentless breeze on the back straight of the Road Circuit greeted us yesterday when we got to the VeloPark, dampening lap times and sapping the legs.

The exercises of the day then focused on riding in the wind; this involved a lot of riding in very close proximity to others, including leaning on your partner while pedalling – a very challenging exercise in itself – which we then adapted into boxing in an enemy rider: as a team of 5 attempted to restrain another rider in a ‘box’, preventing them from overtaking on the track. There was some very hot racing at the front of both packs – Ted and Freddie fending off attacks with fearless sweeping blocks, while Maxwell, Reggie and Sam dropped gigawatts of power in escaping their respective opponents. Towards the end, it was Joel and Danny who defended courageously a severe headwind final sprint from yours truly. Alas, age beat youth as I managed to give them a drop up the final hill. Next time!

The other exercise is in the photos: echelons in the wind, like half of a flying V of geese. The teams did exceptionally well in turbulent gusts which meant they had to show some serious discipline. As you can see from the photos – they achieved some spectacularly tight team time trialling, with the Year 9s/10s team even improving on their lap time despite the conditions.

Well done to all of our riders – VeloPark continues for its final session next week before the new intake in the Summer Term!

VeloPark

Boxing Enrichment

Our more experienced boxers have started their controlled 'body only' sparring and are making excellent progress in their offensive and defensive skills. I have also been putting pupils through their paces on the boxing body pad - pupils are very much enjoying getting the opportunity to throw some body shots at their teacher! Boxing is an incredibly demanding sport and the group are starting to realise just how fit you need to be to box competitively!

Mr Kubik

Year 8&9 House Basketball

With 12 players on the Devonshire team and 10 on Cavendish a 6-team tournament was arranged with two groups playing round-robins.

Group 1

Game 1

Cav 1 vs Dev 1

The tournament got off to a nervy start with both teams unable to hit the target despite no lack of shots. 0-0 in six minutes of play.

Game 2

Dev 1 vs Lang 1

Langham had their first match of the tournament in what was a fast-paced match-up against Devonshire 1. **Max** opened the scoring for Langham, which proved to be the only score of the game.

Game 3

Cav 1 vs Lang 1

In the final game of group 1 **Humphrey** was first on the scoresheet helping Langham to another win.

Group 2

Game 1

Cav 2 vs Dev 2

Just like the first game from group 1, neither team could gain the upper hand. At the very death **Flynn** got the win for Cavendish. **Tyler** had a score disallowed for a double dribble and the match finished 2-0 to Langham.

Game 2

Dev 2 vs Wig 1

Dexter gave Wigmore the lead after a long period of dominance from the blues. His brother, **Spike**, then followed up scoring his rebound from a free throw. Right on the final whistle Dexter scored a nice lay-up to give Wigmore a 6-0 victory.

Game 3

Cav 2 vs Wig 1

In the final group stage game **Spike** got his Wigmore team off to a good start with an early basket. Cavendish fought back but went 4 behind after another goal from Wigmore. Soon after, **Dexter** made his third basket of the day. This was a dominant display from the blues and **Spike** was to add two more scores, including an excellent lay-up, to give Wigmore the win 10-0.

Group 1

	Points	Points For	Points Against	Points Difference	Position
Cavendish 1	1	0	0	0	3 rd
Devonshire 1	1	0	2	-2	2 nd
Langham 1	6	4	0	+4	1 st

Group 2

	Points	Points For	Points Against	Points Difference	Position
Cavendish 2	3	2	10	-8	2 nd
Devonshire 2	0	0	8	-8	3 rd
Wigmore	6	16	0	+16	1 st

5th-6th place final: Dev 2 vs Cav 1

In the first of the finals Cavendish 1 were keen to salvage something from the tournament having been frustrated in the group games. **Ollly** finally got them on the scoreboard, before **Taishi** doubled their lead. **Harrison** nearly made a 3-pointer but had to settle for 2. In the end Cavendish 1 took 5th place with a 6-0 win.

3rd-4th place final: Cav 2 vs Dev 1

Tec put his Devonshire 1 side in the lead and quickly made a second score. **Tyler** made his first basket of the day and then immediately scored again, finding good space near his opponent's basket. **Rory** scored a late consolation goal, but Devonshire won 8-2.

Main final: Lang vs Wigmore

Both teams were evenly matched in what was a fast-paced and exciting final. Langham had the height and power advantage, but Wigmore's dribbling and agility kept them in the game. In the dying seconds, literally as Mr Steward inhaled to blow the whistle, **Koby** shot from the top of the key and the ball rebounded perfectly into the basket to give Langham the tournament victory.

U15 Rugby vs Harrodian

On Thursday 16th March PPS made their way to Barnes to take on Harrodian school. The rail strike resulted in our u15 team being extremely depleted, but Harrodian kindly offered to lend PPS some players to ensure the fixture could still go ahead, a very nice touch from Harrodian.

In the first half PPS were under pressure in the early stages. Harrodian were well organised, carried hard and showed excellent handling. PPS were up for the challenge defensively but we're guilty of being overly committed and were often caught out of position. Harrodian scored a few well taken tries to take a comfortable early lead. PPS fought back and found a try when **Mason** set up a PPS guest winger with an excellent long-range pass. 5 minutes later **Max** showed great pace and aggression as he powered his way through 3 Harrodian tacklers and bundled his way over the try line.

In the second half Harrodian had another strong start, but PPS's organisation in defence had improved. Eventually the boys started to tire and lose the breakdown battle which ultimately resulted in Harrodian scoring another couple of tries. PPS had some positive and entertaining moments. **Isaiah** had some fast and aggressive carries and bounced off a couple of defenders.

Sports report

Sam made 2 great tackles on strong Harrodian ball carriers. Mason organised his team mates well and linked well with the guest players. By the end of the half Harrodian added some more tries and PPS added one more after a well worked phase of pick and goes from the ruck. The final score was 40 - 17 to Harrodian.

Considering the unusual circumstances, this was a good learning experience for our u15 boys. They had the opportunity to play with some excellent, experienced players, tested themselves against strong opposition and the game had many impressive moments for both sides. Player of the match goes to **Max** who was playing a year up and still made a huge impact in both attack and defence.

THAMES CAN'T STOP THE FIRE POWER OF PORTLAND!

Football was back on the agenda for the U14s, who travelled to Battersea and came back with a fantastic 5-2 victory against Thames Christian College.

Breaking up the rugby fixtures, the PPS squad started where they left off in the Football Term with a clinical victory that could have been worse for their opposition. From the first moment, the pressure was on the hosts who found it difficult to string any passes together as the attack of **Tec** and **Danny** pushed the defence further and further back.

It seemed like the Thames team were never going to get close to the goal with **Rocky** not being able to get a touch on the ball. **Oilly** in the middle of the park made sure that play was not going to get near the PPS defenders and when the Thames team managed to push further forward, he and the other PPS players swarmed onto the ball like seagulls towards a bag of chips.

It was going to be a tough task to keep this PPS team off the score sheet and then the break was made as a fantastic through ball by **Jake** saw Tec run past the defenders and slip the ball past a diving keeper.

They say that when it rains it pours and it definitely did pour down on the TCC keeper who was inundated with shots from all angles.

Humphrey was one who broke the midfield and along with **Spike** continued to pepper the goal with shots and one of these caused massive issues within the defence and saw Tec, happily, pick up the bobbling ball and shin it past the keeper.

The third goal was like going back to Benfica. After a great build up and the ball being passed majestically from back to front, including some nice touches from **Rafer** and **Nate**, **Ned** used his elasticated legs to win a corner off the defender. With the opposition already on the ropes, Spike gave the knockout blow. A fantastic corner by Humphrey saw Spike rise like a prime Cristiano Ronaldo and power home a header.

The half could not come quick enough for the hosts who were clutching at straws as PPS looked to finish the tie before the half time whistle. The whistle blew and you could feel the relief from the TCC supporters who knew that the second half was going to be just as tough.

It didn't start well for the hosts who gave away two corners straight after each other. After the first was deflected wide off a **Dexter** shot, it was an incredible volley by Jake that saw Portland Place push further ahead of Thames.

With the squad starting to take their foot off the gas, it became more of an arm wrestle throughout the second half and when Thames managed to take on the defence and **Eddie** and **Hazuki** were unable to clear the ball it became a far closer tie than PPS first thought.

When Thames thought they had a chance of getting back into the game, Player of the Match Humphrey, broke the line with a fantastic turn and powered home a shot from just outside of the box.

Portland continued to attack the Thames box and were unlucky not to add to their tally when Dexter hit a fantastic free kick just over the bar!

It was a great result for the U14's. It was the first time that they had played football together in months and what a way to bring back football to Portland Place.

U16's Basketball vs North Bridge House

Last Friday, Portland's combined year 10 and 11 basketballers visited North Bridge House in Hampstead to take part in a fast-paced and good-quality basketball match. The first quarter ended 10-10 with Portland benefitting from the superb 3-point shooting of **Olivier**, who was subsequently heavily marked and found it difficult to get his shots away.

In the second quarter NBH began to take the upper hand and doubled Portland's tally. The PPS players were losing out on the rebound count, both offensively and defensively and this began to take its toll with PPS starved of possession and punished for wayward shooting. **Lawton** moved the ball around well, showing some skilful dribbling and excellent game vision. **Jessy** scored some decent field goals and was as competitive as anyone on the PPS squad under the basket.

The third quarter saw North Bridge continue to turn the screw as the PPS offence started to misfire. The Portland players were looking tired on court, partly due to having a smaller than ideal squad and the players rotating less frequently than needed. North Bridge

took the period 9-3. **Jesse** showed his pace and athleticism, bursting down the court with the ball.

In the final quarter Portland produced their best defensive work and led the scoring right up to the end, when NBH surged away in the dying moments. **Sid** had his best period of play, winning more rebounds and scoring a couple of times from under the basket. **Olivier** managed another 3-point score and continued to dribble very skilfully. Both **Mason** and **Todd** contributed well to the team effort, scoring on occasion, and passing fluently. **Miles** also enjoyed his best period of play.

The final score ended 47-31 to North Bridge. The PPS side were a little dejected but were not too unhappy with their performance and could accept that on the day North Bridge had had the edge over them. Improved competitiveness in the air and closer marking are things they know they must focus on for their next game.

Sports report

U12/13s Football vs Thames Christian College

On Tuesday 21st March PPS u12/13 boys took on Thames Christian College school in a game full of good football and goals!

In the early stages the game was competitive, both teams played some nice football in attack, but it was the defending and last-ditch tackles that were particularly impressive for PPS and TCC. PPS broke the deadlock through **Mark** who rifled a shot into the roof of the net from long range, a superb goal that was applauded by all! TCC found a deserved equaliser towards the end of the half, with the score ending 1-1 at half time.

In the second half PPS started to show more control of the ball in possession and started to put together more consistent passing moves. PPS took the lead when **Nate** burst free from the defence and struck a low drive into the bottom corner. 5 minutes later Mark scored his second goal - and it was another brilliant strike into the roof of the net from a tight angle. 3-1 to PPS with 10 minutes to play. TCC found another goal to set up a nervy finish and had a chance to equalise in the last couple of minutes but stand in goalkeeper **Ted** made a brilliant one on one save to maintain PPS's lead and give the boys a 3-2 victory.

This was a highly entertaining game of football between 2 evenly matched teams. **Tyler** and **Nate** worked hard and put in all action performances. **Abdulelah** had an absolutely superb game as a striker, he held the ball up, distributed well and pressed constantly - he was also very unlucky not to score. Player of the match goes to **Mark** who showed neat footwork in mid-field and scored to outstanding goals at key moments! Well done boys.
